

INDIVIDUAL PROFESSIONAL AFFILIATE MEMBERSHIP

A **PROFESSIONAL AFFILIATE** member is a non-architect, registered to practice his/her profession where such requirements exist, with established professional reputations. This may include engineers, planners, landscape architects, interior designers, sculptors, muralists, and other related professions.

Affiliates may not use the initials **AIA** nor the phrase “**The American Institute of Architects**”, alone or otherwise, not the seal, symbol or insignia of the chapter of the Institute. However, the phrase “*PROFESSIONAL AFFILIATE MEMBER OF AIA CLEVELAND*” may be used on business forms.

All members receive a monthly newsletter.

Members will be notified of special meetings and invitations to events in the chapter.

Members can sponsor events that the AIA may be developing for their membership.
